- If you see a yellow exclamation mark  next to your printer or the phrase Unknown device, continue with the next step.
- If you do not see your printer or a yellow exclamation mark in the list, skip to the next step to uninstall the driver.

3. Right-click the **HP device/Unknown device** entry or the entry with the  symbol, and then click **Update Driver Software**. The **Update Driver Software - Unknown Device** wizard opens.
4. Click **Search automatically for updated driver software**. Follow the on-screen instructions to refresh the device manager.
5. Repeat these steps for all device entries with the  symbol.

If these steps resolved the issue, you do not need to continue troubleshooting

Step 7: Uninstall the HP driver and software applications
